Remember to Fall Back on October 31st!

## UUUF

When I despair, I remember that all through history, the way of truth and love has always won. There have been murderers and tyrants, and for a time they can seem invincible. But in the end they always fall. Think of it, always.

## President's Message

### Our Mission Statement

**"Our mission is to follow/serve our highest ideals by practicing and promoting free religion, in order to make the world a better place and improve ourselves."**

I was asked if I had a copy recently and I found it within an hour in my old Fellowship files. I still think it's a pretty good mission statement for our congregation.

So we will continue celebrate our free religion\* on Zoom till we can get back together in body as well as spirit.

\*Remembering that "free religion" is not an economic concept.

## UUUF

The ultimate sense of security will be when we come to recognize that we are all part of one human race. Our primary allegiance is to the human race and not to one particular color or border. I think the sooner we renounce the sanctity of these many identities and try to identify ourselves with the human race the sooner we will get a better world and a safer world.
